Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

It is very important that I
am able to use my Out-of-State
Compounding Pharmacy to
obtain natural hormones -
since they are a "specialized"
Pharmacy which performs
quality control for accuracy &
Consistency which small operators
do not do.
